BIRDWATCHING IN AND AROUND CARNARVON

Number 05ab in a series of
Bird Guides of Western Australia

Mulga Parrot

Nov 2005

This is a sample of a 16 page booklet, which includes bird habitats throughout the Carnarvon region, plus a list of the birds in each area. There are over 25 birds shown in full colour, a regional map and colour photographs of birding sites around Carnarvon.

The included bird list indicates the type of land form for each bird, the type of vegetation and if the bird is common, uncommon or rare.

Copies of the full booklet are available from the Shire of Carnarvon, or from the Perth office of Birds Australia WA.
