Birds in *italics* indicate that the species is now rare. Birds in ***bold italics*** indicates that now the species is extinct in many areas.

Birds Australia would be pleased to receive details of sightings of any of these species.

WHAT IS BIRDS AUSTRALIA?

Birds Australia is a non-profit national organisation working for the enjoyment, study and conservation of Australia's birds. The WA group of Birds Australia has members statewide and offers a variety of activities for members, including conservation and research projects.

Activities and services include excursions, camp-outs, bird surveys and social activities. We also have a library, books for sale and information about birds.

To view our full range of bird guides and bird lists, visit our web site.
